

Camel Rides

Starting at \$815.00, plus tax and mileage

What we bring to you:

- ✓ Up to 4 hours of unlimited, informative camel rides for all (no age or weight limit)
- ✓ Secure perimeter fencing and a stepped ramp for safe and easy access to the camel
- ✓ 2 handlers to give camel rides, keep the ride area clean and safe, and take tickets or arrange lines if needed (will not handle money)
- ✓ Complete set up and removal outside event times

What we need from you:

- ✓ A flat, 20'x60' area, free from gravel or wood chips to operate the ride, typically grass, cement, or asphalt (can operate indoors with advance notice)
- ✓ Space next to the ride area for parking and using our truck and trailer
- ✓ Reasonable access to fresh drinking water for our camels throughout the event
- ✓ Access to a dumpster to remove bagged waste at the end of the event
- ✓ An hour and a half before and after the event to safely set up and remove the ride area
- ✓ Any permits necessary for allowing camels at your location

Tips for hosting a successful camel ride:

- ✓ Call or email us to schedule your camel ride as soon as you know you want to work with us, ideally two months or more in advance of the event date. Take into consideration that our holidays and some weekends tend to book over six months in advance.
- ✓ Provide us with a day-of-the-event contact that our staff may call, and any directions that will help us set up the way you want.
- ✓ Be mindful of the area you choose for hosting your camel rides and how your guests will experience the event. Specifically, we recommend a more shady area where people can congregate to watch the camel and wait for rides.
- ✓ The more information you provide to us in advance about your event or your needs, the better our service can be for you. Knowing how large the crowd will be, if we are taking tickets, where to set up, who will be riding, is all helpful.
